

HOLY CHAOS

A practical look at the trials
of Children's Ministry.

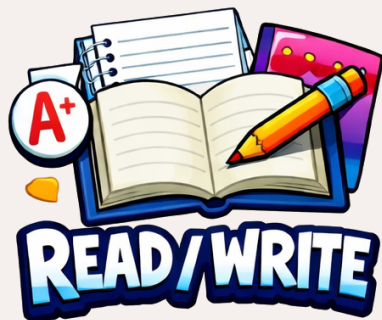

**My intention for
this session is....**

How do we learn?

Which of these 4 learning styles do you identify with most?

Other things we need to learn best:

Tamariki can sit still and concentrate for..... minutes

**Faith is not passed down, it's passed
around.**

How could I incorporate activities that would allow the
tamariki to form meaningful connections with other people of
different generations to them?

Reflection

One thing I want to try in my ministry this week.

One person I want to encourage or equip.

One way I experienced God in today's workshop.

Look back at your intention, how did you do?
